Bringing you important updates and news from school and home

# HYTHE SCHOOL

learning for life

Bug Club

## BUG CLUB

We are very excited to be beginning our journey with Bug Club. This is an online platform that will provide all children with a book banded reading book. It can assess your child's reading at home and move them up when needed. We will be sending out more details and individual log ins in the coming week.

## CLASS DOJO

From Monday all the bubbles in school will be using Class Dojo to reward the children for a range of behaviours including teamwork, good hygiene, kindness and social distancing. We will be looking at ways we can share these achievements with parents over the coming weeks.

## MINDFULNESS ASSEMBLY

Follow this [link](#) to Mrs Ahmed's Mindfulness assembly for Key Stage 2. Here she talks about some of the worries the children may have about Coronavirus and some techniques to help children manage these anxieties. This is a great way to introduce KS2 children to mindfulness.

## FURTHER SUPPORT

If you need additional family support such as the food bank, counselling, local charities that can offer support then please visit the Runnymede pages on the school website here by clicking on this [link](#).

## A MESSAGE FROM MRS PEART

It certainly has been a rollercoaster over the past few months. From closing the school with just 48 hours' notice, inventing a new way of learning for children at home, and just recently created a new school for those children who were able to return! We have managed to put this together in an incredibly short space of time and I am very proud of The Hythe community who have all adapted to this constantly changing landscape and of staff who have worked tirelessly to ensure we continue to provide your child with an excellent education either at home or at school.

This week, we saw the return of Year 6, and even more year R, Year 1 and keyworker children. Thank you to all of our parents who have been prompt in dropping off and collecting children, I feel these new processes have worked extremely well. It has been wonderful to see how happy the children have been this week, settling into their new routines and new school. Hearing the laughter of children during playtimes brings the school once again back to life.

More good news to share - at the end of May Mrs White had baby Matilda, then at the beginning of June Mrs Avramovic had baby Charlotte and exactly a week later Miss Cornish had baby Blossom. Welcome to the world little ones!

# HYTHE FAMILY NEWS

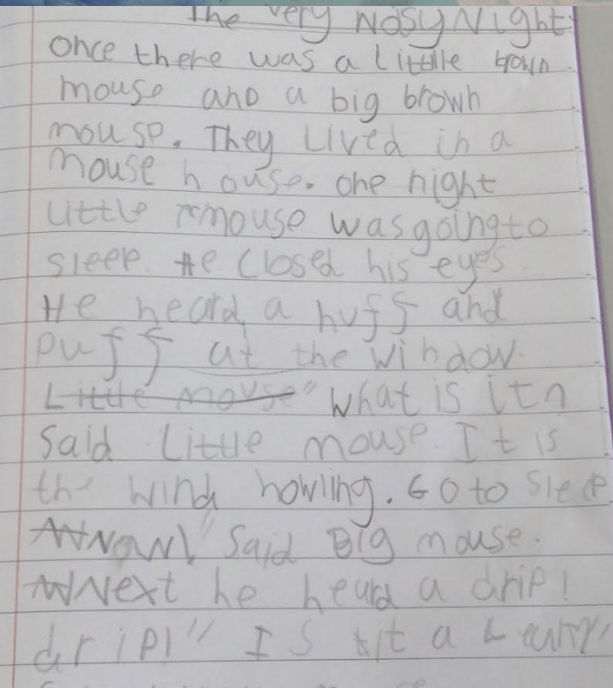

In each Newsletter we will be sharing some of the work you are producing at home and in school so please email your pictures to your class teacher or [feedback@hythe.surrey.sch.uk](mailto:feedback@hythe.surrey.sch.uk) or you could share on Twitter

We saw this moth in our outside area. It is a lime hawk moth. It was very big, furry and beautiful. We looked very carefully at the wings, body and antennae.

**Out of this world learning at home and in school!**

"I really enjoyed looking through the telescope at Jupiter and its moons and taking photos of our moon too."
